If you died tonight do you know where you would go? God sent His Son Jesus to die for you. He paid the price for your past, present and future sins. He paid the price so you could have peace, health, wealth, power and a relationship with Him. Repeat after me: Father God I accept Jesus, thank you that He paid for my sins, be my Lord, show me how much you love me and show me all that Jesus died for me to have. In Jesus' name, amen.

I would be please to recommend using Robin Bremer as your self-publishing coach. She helped me get my first book "off the ground and up and running"! I would not have been able to do it without her. She was professional and eager to help. I could tell she was already busy but she always worked with me in a timely manner returning my phone calls and assisting me all aspects of self-publishing.

Ron Smith "The Presence"

Robin is so easy to work with. I love that, but what I love even more is that she produces.

My book: Enjoy Heaven Now, went from ranking in the 9000+ range in its category, to Amazon #1 Best Seller within 24 hours, using Robin Bremer's service. That is a big leap, friends. I consider that nearly miraculous. I could not be happier.

Donna Crow

Robin Bremer is a Christian book writer and publisher. She does a fantastic job on her work and thanks to her I have four of my Children's book published. She was very helpful in helping me get them done. She knows what she is doing and how to get it done. I am very pleased with her work and I recommend her to anyone needing her.

Karen Fischer (Author of 3 Books)

When I decided to publish a book about my life regarding my medical condition, I had absolutely no knowledge of the publishing business. Fellow ventriloquist and a pastor, Robin Bremer contacted me and said she could help get the book published. Because of the contents of the book, I was very skeptical of having a pastor with strong beliefs work on this subject matter. Before I'd work with her, I had to know her feelings about the subject and some of the subject words that couldn't be sugar coated in the book. I have to say Robin is a professional in every way when it comes to publishing your book. I totally recommend Robin Bremer for your next book. She knows the business and she'll treat you fair and be very honest with you.

I want to thank you, so very much for working with me, to help me in all that I needed to get my book published. End-times made plan through Revelation and the Apocalypse ~~By~~ Jeanie Morrow The cover was excellent as well as the way the book was compiled, put together. I appreciate the advice on how to get my book promoted and you even offered to send it to your friends, to help me. You were certainly God sent, as I prayed for the right person to help get my book published, and it was you. I look forward to working with you again. God bless and uphold you, as you continue in helping other authors, who need a helping help to get started.

Jeanie Morrow

The Lord laid it on my heart to write a book concerning the things I experienced after my husband of thirty-five years went home to be with the Lord. In it I dealt with the frustrations, the pain, the suffering, and the recovering with the help of the Lord. She was so great in dealing with me, a sixty-seven year old computer illiterate. She is really good to work with and very patient. She does a great job and is always accessible when help is needed. She is very knowledgeable in the process of getting a book printed. If I were to rate her I would give her a five star. Anyone wanting to print his or her book would be smart to employ her to do so.
